**Non-Profit,  
Tax-Exempt,  
and  
Other  
Informational  
Signs**

Non-Profit Tax-Exempt Informational Signs are signs and notices relating to meetings and locations of nonprofit service clubs, charitable associations, educational institutions, religious institutions, or any other non-profit tax-exempt agency approved by the Outdoor Advertising Manager. **These signs cannot bear an advertising message.**

## Non-Profit Tax-Exempt Sign Guidelines

If the size of the sign face is **less than or equal to 32 square feet**, the sign may be granted a permit without payment of fees. This size sign does not have to meet spacing or location requirements.

If the size of the sign face is **greater than 32 square feet but less than or equal to 76 square feet**, the sign may be granted a permit without payment of fees. This sign is required to meet spacing and location requirements;

If the size of the sign face is **greater than 76 square feet and less than or equal to 800 square feet**, the sign will be classified a “billboard” and must meet all statutory spacing and location requirements to receive a permit. There is an application fee of \$200.00 and a biennial inspection fee of \$100.00.

## Standards for Directional Signs

Directional signs are signs containing directional messages about public places owned or operated by federal, state or local governments or their agencies; publicly- or privately-owned natural phenomena, historic, cultural, scientific, educational and religious sites; and areas of natural scenic beauty or naturally suited for outdoor recreation, deemed by the commission to be in the interest of the traveling public.

Signs with messages that meet the requirements for directional signing and are **one hundred-fifty (150) square feet or less in size** must be two thousand (2,000) feet from interchanges, at grade intersections, rest areas and scenic areas as measured along the edge of pavement from widening of pavement for exit ramp or entrance ramp to the proposed sign location. Directional signs must be one mile or more apart with a maximum of three signs along any one route in the same direction of travel. Signs with messages that meet the directional criteria require a \$200.00 application fee and a \$100.00 biennial renewal fee.

## Standards for Service Club and Religious Notices

Any number of displays or emblems may be secured to a single structure. **Each display or emblem shall not exceed 8 square feet in area.** Note: For multiple emblem signs to be considered fee exempt, the total outdoor advertising display area on **each side must be less than seventy-six (76) square feet.** There are no spacing limitations.

For additional information or clarification, please contact the **Outdoor Advertising Specialist** in your area or visit our website @ [www.modot.org/business/Outdoor\\_Advertising](http://www.modot.org/business/Outdoor_Advertising)
