Dear Ms. McVey:

I am writing with regard to your letter dated February 7, 1996, referencing statute changes regarding the operation of motor vehicles bearing "local" registration being changed from the current 25 mile radius to 50 miles.

As you know, Kansas carriers are bound by statute to a 25 mile radius. I have discussed the matter with Betty McBride, Director of Vehicles, and she has indicated no proposed changes in Kansas' current procedures are being considered.

Since there will be no immediate changes regarding Kansas' policy and procedures, Missouri carriers may want to use the option of obtaining a trip permit or apportion their vehicles. Kansas does have an exemption for vehicles operating wholly within the commercial zone in the Kansas City area.

If you need any further information regarding Kansas permit requirements, or have any further questions, please feel free to contact this office.

Sincerely,

Alvin H. Gerstner, Chief
Motor Carrier Services

cc: Betty McBride, Director of Vehicles
Mary Turkington, Director Kansas Motor Carrier Association

Carriers are allowed 25 miles only.
