Accessing OSOW Permit Applications

There are 2 options, from the home page click on *Applications* and the click on *OSOW*, if you have more than 1 option. Or you can click on the blue link “Click here to begin any of the OSOW activities below”

The following screen will appear.

If there are any applications with a “Status” of pending, approved, routed, evaluated or held, these will be displayed in your “worklist”. You can always get to your worklist, by clicking on the link on the left side. If a status of “Held” appears in your worklist, this indicates that MCS has a question about your application. To open any applications showing in your worklist, click on the application number. If the application had been returned to you because of questions, a window will appear where we have indicated the questions we have about your application. Click “OK”, enter the application and make any corrections, or click on “Add Notes” and answer any questions we may have asked you.

[\(back to top\)](#)

Entering a New Permit

Java version 1.6_29 is required to be installed on the computer being used to order Missouri OSOW permits. If this free software isn't detected, you will be prompted to download the correct version at this time. Newer versions aren't certified to work with the MCS on line system at this time.

Click on **New** on the left side of the screen. The following screen will appear. Click on “Yes” at the Security Information pop up screen, if your IE version is 6 or earlier.

If your version of IE is 7 or newer you will click “No” at the Security Warning pop up screen.

[\(back to top\)](#)

Entering a New Permit – Permit Tab

Five separate tab-screens make up the new permit application; the Permit tab-screen comes up first. Your company name and address will automatically populate. If you do not see your information in the fields labeled, **Acct ID** or **Acct Name**, please contact our office to correct this before you begin entering the information for your permit.

(Note: From this point forward all typing must be done with “CAPS” on)

- **Permit Type** (drop-down menu): Choices are Single Trip, Blanket, Superload, Pre-Issue, Multistate, 30-Day Blanket, House Move and Multi-Stop. Some of these choices may not be available to you depending on your user group.
- **Number**: Only available for certain permit types.
- **Start**: Date when the permit becomes valid. Default is today’s date. Enter the date in the dd/mm/yy format.
- **Expires**: Date when the permit expires. This date is automatically filled in depending on the Start date and the type of permit chosen.
- **Payment Type** (drop-down menu): Choices can be Escrow Account, Cash, E-Check, Check/MO, Credit Card, and Exempt. Some of these choices may not be available to you depending on your user group. We accept Visa, MasterCard, Discover and American Express. If credit card is selected as the payment type, you will instructed on the final Evaluation screen, how to proceed.
- **Account ID**: The ID of the escrow account for transactions associated with the permit is displayed (auto-populated.). If this is blank, contact MCS before beginning the application.
- **Acct Name**: The name associated with the account.
- **Balance**: Account balance, when payment type selected is Escrow. (Click button to refresh to the current account balance.)
- **USDOT#**: Entering the USDOT# will fill in many of the fields on the screen if the Permittee is already in the system.
- **Permittee**: If a public account, you can fill in the Permittee name by searching for it. **THIS IS A REQUIRED FIELD.**
- **Address**: This will auto-populate. If more than one address has been entered in the database, you may select a different one by clicking on address.
- **City, State, Zip, Phone**: Include your area code with your phone number.
- **Ordered By**: The name of the person requesting permit.
- **Deliver By** (drop-down menu): Choices are Fax, Mail, Pick Up, Express Delivery, Web, Self Issue, Email, and Fax & Email
- **Deliver No**: The number associated with the delivery method (e.g., fax number). Include your area code.
- **Email**: The system will check the address entered to make sure it contains a @ and a period.
- **Contacts**: Click to display available contact information

[\(back to top\)](#)

Entering a New Permit – Insurance

When prompted, please enter your insurance information on the Permit tab. Type in the name of the insurance company, not the agent, and then click on the “Company” button. This will bring up a list of the insurance companies that are on file with the Department of Insurance. Choose your coverage amount, \$750,000 for a single or blanket permit and \$2,000,000 for a superload or housemove. These are the minimum amounts required by law to move OSOW loads. Enter the policy number and then the effective and expiration dates of the policy.

Entering a New Permit - Load Tab

Once you have entered all of the required information in the Permit tab-screen, click on the Load tab to start filling in data about the load for which the permit is being requested. The following screen comes up:

- **Under Own Power, Hauled, Towed, Haul/Tow options:** Select the option that describes the conveyance method that will be used to transport the load.
- **No of Pieces on Load:** Indicate the total number of pieces will be transported that require an OSOW permit.
- **Single/Sectional:** Used only if the load is a manufactured home; indicates whether there are multiple units with similar serial numbers.
- **Is the company hired to transport his load:** Yes or No
- **Load Description:** You must choose a load from the drop-down menu. You can also type an additional description of your load after an entry that has a dash followed by a blank (example, for Power Boat select Boat -, then type “Power” after the dash).
- **How Many:** Enter how many pieces fit the description and dimensions that are being transported with this permit. The sum of all “How Many” fields must total the “No of Pieces on Load” field.
- **Serial #:** Required for certain Load Descriptions.
- **Width, Length, and Height:** Enter these values for the load itself in feet and inches.
- **Make:** This is the make of the load. Choose the make from the drop-down menu or type it in if it doesn’t appear in the menu.

Entering a New Permit – Vehicles Tab

Next you will enter information about the vehicles on the Vehicles tab.

- **Power Unit—Lic#:** Enter the license number of the main vehicle. If the license number you enter is not recognized by the system, you will be given the option to register it, as per the pop-up window below:

Click “Yes” to register the license and save it to the database, or “No” to return to the application without saving it.

- **Power Unit—State:** Note that the State field defaults to MO. Be sure to change this if your vehicle is licensed in a different state.
- **Power Unit—Vin:** Vehicle Identification Number
- **Power Unit—Type:** Choose the vehicle type from the drop-down menu.
- **Power Unit—Model Year:** Enter a 4-digit number (2005), not a 2-digit number (05).
- **Power Unit—Make:** Choose the power unit’s make from the drop-down menu or type it in if it doesn’t appear in the menu.
- **Units Two-Three-Four:** Enter the above information for up to three more units such as jeep, trailer and booster. For Superload vehicle types only the **Additional Vehicle** button is available to enter up to five additional units.

Entering a New Permit – Dimensions Tab

Next you must enter the overall dimensions. Click on the Dimensions tab to see the following screen:

The screenshot shows the 'New Permit' application interface. On the left is a sidebar with menu items: New, Open last, Recall, Reports, Search, Worklist, Vehicle Units, and Help. The main window has a title bar 'New Permit' and a 'Notes' section with 'Submit', 'Remember', 'Add Notes', 'View Notes', and 'View Route' buttons. Below the title bar are tabs for 'Permit', 'Load', 'Vehicles', 'Dimensions', and 'Route'. The 'Dimensions' tab is selected. It contains several input sections: 'Dimensions' with fields for Width (0 ft 0 in), Length (0 ft 0 in), Height (0 ft 0 in), and Trailer/Load Length (ft in); 'Overhang' with Front (ft in) and Rear (ft in) fields; 'Weight Information' with a radio button for 'Legal Axle/Weight' (Yes selected) and a 'Number of Axles' field (0); 'Group Axle Weights' with fields for Steer, Jeep, Booster, Drive, Trailer, and GWV; and 'Axles' with a table for 9 axles, each having 'Weight (lbs)' and 'Spacing (ft-in)' fields, and a 'Totals' field. At the bottom are 'First', 'Previous', 'Next', 'Last', and 'Clear' buttons.

- **Width, Length, Height, and Trailer/Load Length** (in feet and inches).
- **Front and Rear Overhang** (in feet and inches). Only available if vehicle units and trailer/load length require it.
- **Legal Axle Weight:** Defaults to Yes, click No, if you are not legal weight and the Group Axle Weights fields will become available.
- **Number of Axles:** The number of axles entered determines how many axle weight and spacing fields are made active.
- **Steer, Drive, Trailer, and Booster Group Axle Weights** (in lbs.)
 - Use these fields for routine tractor-trailer configurations.
 - The vehicle's GVW will be totaled automatically, based on what you enter for each of the Group Axle Weights.
- **Axle Weights** (in lbs.): Use these fields to enter individual axle weights for specialized equipment and superloads.
- **Axle Spacing** (enter as ft-in): Enter each individual spacing amount in the Spacing field beneath the Axle Weight fields.
 - If you have more than 9 axles, you can shuffle through the axles by clicking the "First," "Previous," "Next," and "Last" buttons. "First" will take you directly to Axle 1; "Last" will take you directly to the last axle.
 - The vehicle's total axle spacing will be totaled automatically based on what you enter.
 - Total spacing cannot exceed overall length.

[\(back to top\)](#)

Entering a New Permit – Route Tab

If you are applying for a Blanket other than a 30-day or longer combination vehicle, you need not click on the Route tab. However, if you are applying for a Single-trip, Superload, Multistate, Multi-stop, 30-Day, or Longer Combination Vehicle, you must fill out the route information. Clicking on the Route tab brings up the following screen:

The screenshot shows the 'New Permit' application interface with the 'Route' tab selected. The interface includes a sidebar menu on the left with options: New, Open last, Recall, Reports, Search, Worklist, Vehicle Units, and Help. The main content area is titled 'New Permit' and contains several sections:

- Submit/Remember:** Two buttons at the top left.
- Notes:** A text area with 'Add Notes', 'View Notes', and 'View Route' buttons to its right.
- App No:** A dropdown menu currently set to 'New'.
- Navigation Tabs:** 'Permit', 'Load', 'Vehicles', 'Dimensions', and 'Route' (selected).
- Vehicle Dimensions (Overall):** Fields for Length (0-0 ft-in), Height (0-0 ft-in), Width (0-0 ft-in), and GVW (80000 lbs).
- Start Dates:** Start: 29Mar2013, End: 31Mar2013.
- Locations:** A table with columns: Route, Dir, Miles, Proximity, Location, Info. It includes fields for Start, Via 1, Via 2, Via 3, and End, each with dropdown menus and lookup buttons. A 'Route ?' button is also present.
- Clear Row / Clear All:** Buttons for clearing individual rows or the entire table.
- Start Dates (Return):** A checkbox for 'Return' and fields for Start and End dates.
- Status:** A dropdown menu set to 'N/A' with 'Details' and 'Map' buttons.
- Operation:** Radio buttons for 'Evaluate' and 'Generate' (selected), with a 'Generate' button.
- Directions:** A large text area for entering route directions.

- **Start** – enter the Missouri state maintained route where you are beginning.
- **Location** – enter the state line, city, exit number or nearest state maintained route from where you are starting
- **End** – enter the Missouri state maintained route where you are ending.
- **Location** – enter the state line, city, exit number or nearest state maintained route where you are ending.
- **Directions** – the system will generate a route based on the starting and ending locations entered above.

[\(back to top\)](#)

Entering a New Permit – Add Notes

Once you have entered all the necessary information and if you need to add notes to this application, click the Add Notes button. *Be aware that if new Notes are entered, this negates the auto-issue function.* The permit will be submitted to the MCS office for review before being issued.

The Notes section will become enabled. The Notes field is fully editable. Enter any additional information that needs to be part of this application. You can type in a maximum of 1,024 characters. Longer entries will be cut off when you leave the tab-screen.

The screenshot shows the 'New Permit' application interface. At the top, there are 'Submit' and 'Remember' buttons. A 'Notes' text area is present, with 'Add Notes', 'View Notes', and 'View Route' buttons to its right. Below this is a tabbed interface with 'Permit', 'Load', 'Vehicles', 'Dimensions', and 'Route' tabs. The 'Route' tab is active, showing 'Vehicle Dimensions (Overall)' with input fields for Length (0-0 ft-in), Height (0-0 ft-in), Width (0-0 ft-in), and GVW (80000 lbs). To the right, 'Start Dates' are set to Start: 25Mar2013 and End: 31Mar2013. A 'Locations' table is shown with columns: Route, Dir, Miles, Proximity, Location, and Info. It includes rows for Start, Via 1, Via 2, Via 3, and End. To the right of the table are buttons for 'Route?', 'Lookup...', 'Clear Row', and 'Clear All'. Below the table, there are 'Start Dates' with a 'Return' checkbox and 'Start:' and 'End:' input fields. At the bottom, there is a 'Status' field set to 'N/A' with 'Details' and 'Map' buttons, and an 'Operation' section with 'Evaluate' and 'Generate' radio buttons and a 'Generate' button. A 'Directions' text area is at the very bottom.

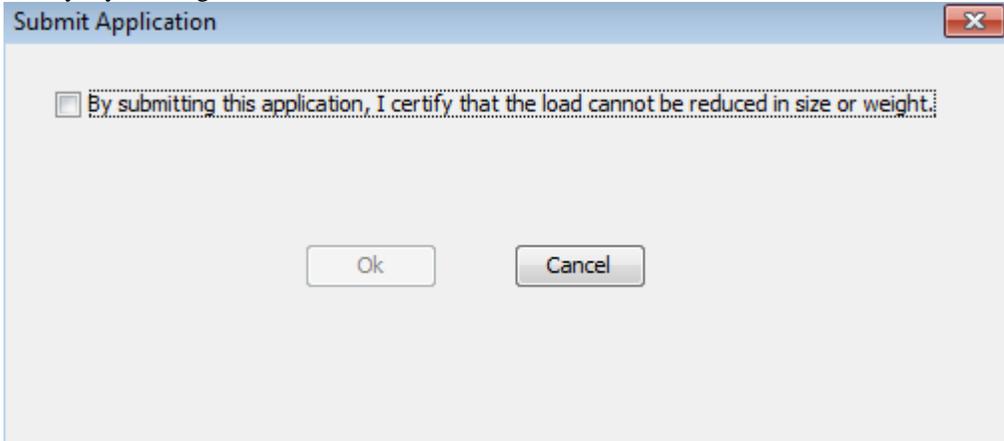

The DOT notes are entered by the State users to communicate with the industry users when the application is put on-hold, for the industry user to update. To view notes, click "View Notes." This will bring up the following window:

The 'View Notes' dialog box has a title bar with a close button. It contains two text areas: 'DOT Notes' and 'Applicant Notes'. A 'Cancel' button is located at the bottom center.

Entering a New Permit – Submitting the App

To submit an application for processing, click Submit.

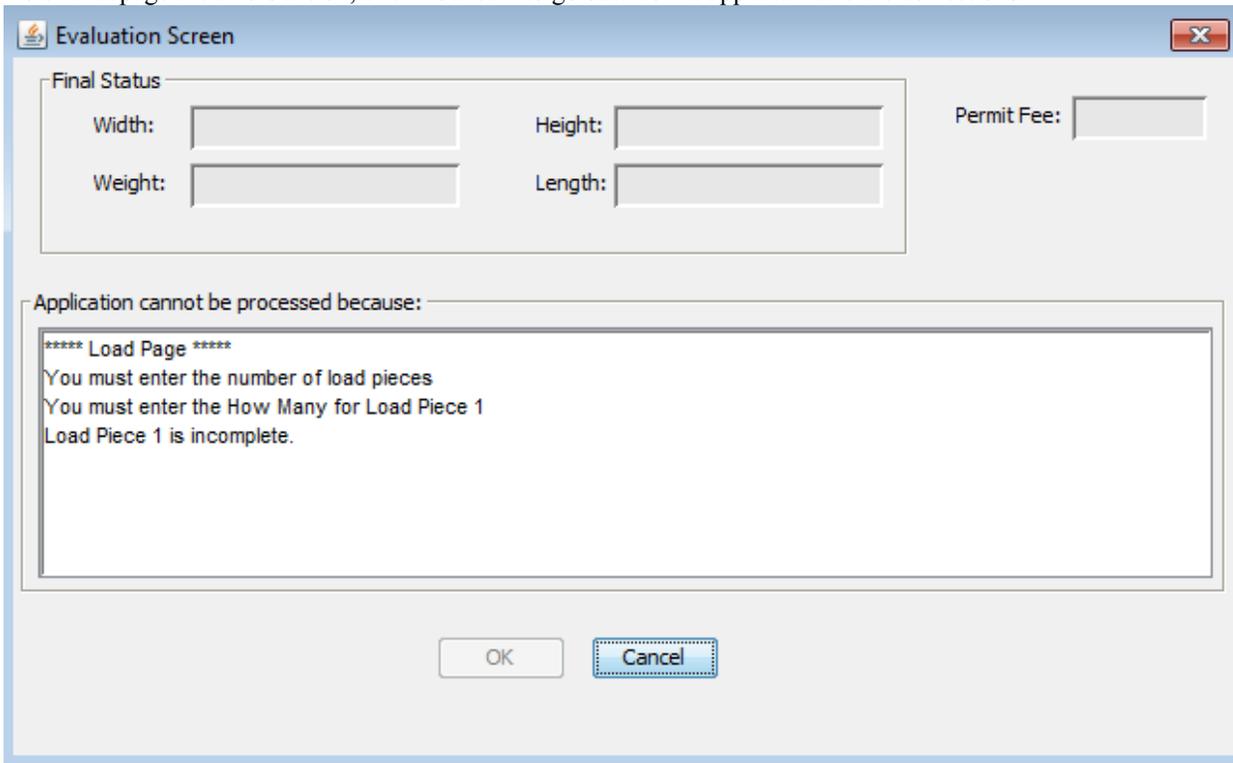

Certify, by clicking in the box that the load is non-reducible. Click “OK”.

A dialog box titled "Submit Application" with a close button (X) in the top right corner. It contains a checkbox with the text "By submitting this application, I certify that the load cannot be reduced in size or weight." Below the checkbox are two buttons: "Ok" and "Cancel".

If the application has errors or is incomplete, the following screen comes up:

Note what page the errors are on, click “Cancel” to go back to the app and make the corrections.

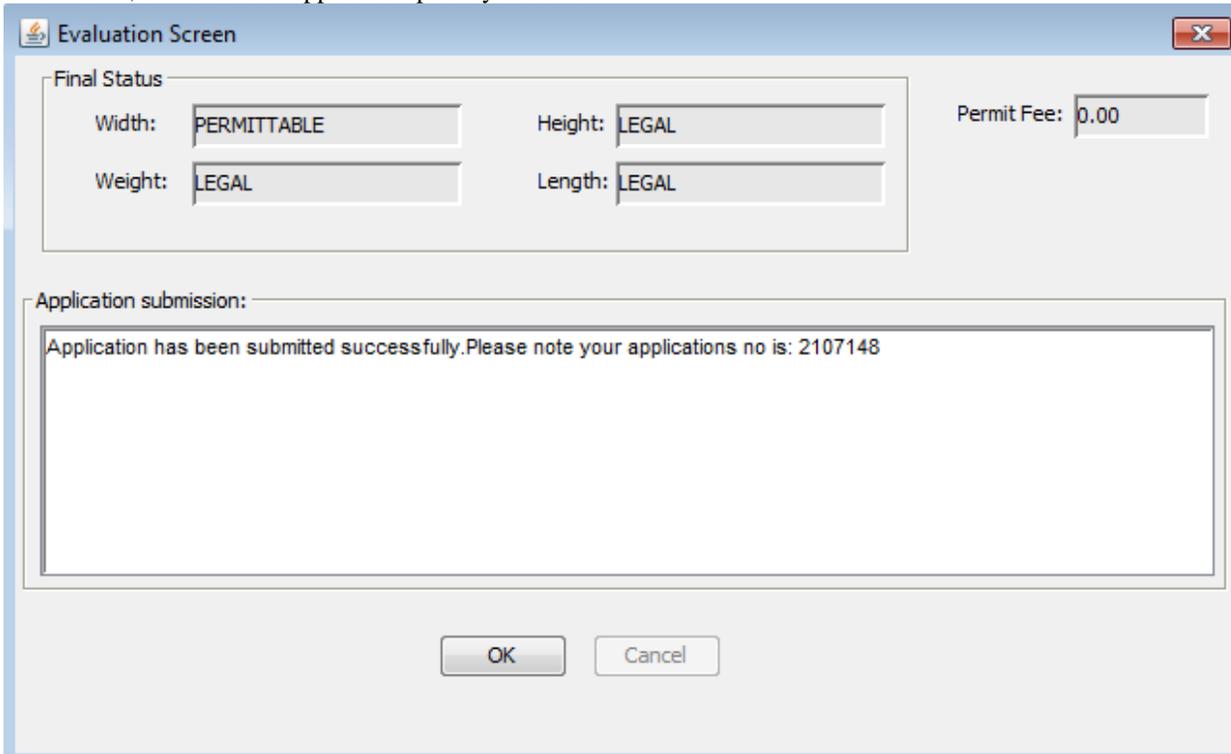

An "Evaluation Screen" dialog box with a close button (X) in the top right corner. It features a "Final Status" section with input fields for "Width:", "Height:", "Weight:", "Length:", and "Permit Fee:". Below this is a section titled "Application cannot be processed because:" followed by a text area containing the following error messages: "**** Load Page ****", "You must enter the number of load pieces", "You must enter the How Many for Load Piece 1", and "Load Piece 1 is incomplete." At the bottom are "OK" and "Cancel" buttons, with the "Cancel" button highlighted with a dashed border.

Entering a New Permit – Evaluating the App

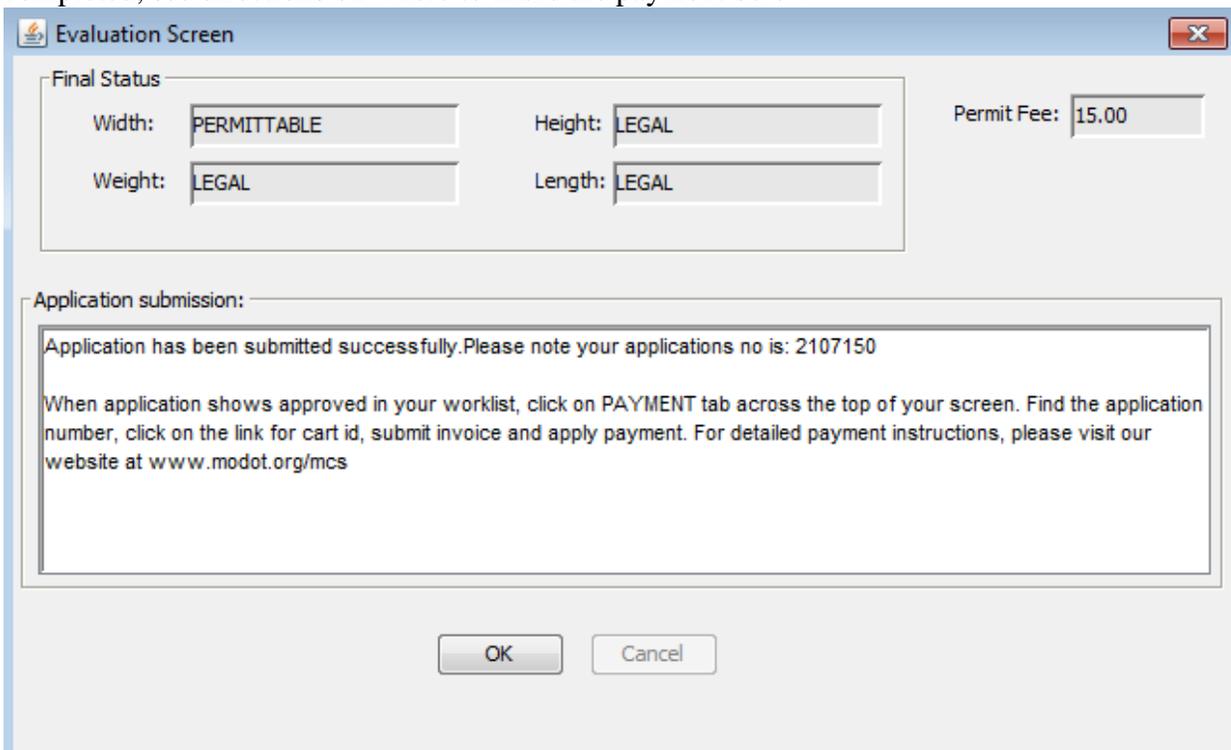

If the application is submitted with no errors, the following screen comes up:

Click “OK”, this shows an application paid by escrow.

The screenshot shows a software window titled "Evaluation Screen" with a close button in the top right corner. The window is divided into two main sections. The top section, labeled "Final Status", contains four input fields: "Width" with the value "PERMITTABLE", "Height" with "LEGAL", "Weight" with "LEGAL", and "Length" with "LEGAL". To the right of these fields is a "Permit Fee" field containing the value "0.00". The bottom section, labeled "Application submission:", contains a text box with the message: "Application has been submitted successfully. Please note your applications no is: 2107148". At the bottom of the window are two buttons: "OK" and "Cancel".

This shows an application paid by credit card. The permit will not be issued until the payment transaction is completed, see directions on where to make the payment below.

The screenshot shows a software window titled "Evaluation Screen" with a close button in the top right corner. The window is divided into two main sections. The top section, labeled "Final Status", contains four input fields: "Width" with the value "PERMITTABLE", "Height" with "LEGAL", "Weight" with "LEGAL", and "Length" with "LEGAL". To the right of these fields is a "Permit Fee" field containing the value "15.00". The bottom section, labeled "Application submission:", contains a text box with the message: "Application has been submitted successfully. Please note your applications no is: 2107150". Below this message is a paragraph of instructions: "When application shows approved in your worklist, click on PAYMENT tab across the top of your screen. Find the application number, click on the link for cart id, submit invoice and apply payment. For detailed payment instructions, please visit our website at www.modot.org/mcs". At the bottom of the window are two buttons: "OK" and "Cancel".

When you have an application already in the MCE system and you want to duplicate it or you are moving the same equipment with the same load but to a different location, you can open the application as a template and which creates a new application. The majority of the information is already entered on the application, verify the Ordered By on the permit tab is correct and answer the question on the load tab about whether you were hired to transport this load and any other changes necessary.

You would first do a search for the application by clicking on Search in the left hand pane, and then you have the option of entering the application or permit number, the license plate of either the power unit or the trailer, adjust the dates for the time frame you are looking for and then either hit your Enter key on your computer keyboard or click on Search on the screen.

Search for Applications

Check the status of submitted applications, view data on existing permits, or copy existing permits then submit them as a new application for processing.

1. Search by number

Enter an application or permit number and open as a template:

2. Search by permit type, application status and dates, or permittee name, or power unit license, or trailer unit license, or by the USDOT Number.

Permit Type:

Status:

Status dates (mm/dd/yyyy): To

Permittee Name:

Escrow Account ID:

MCS Account No:

Account Name:

Power Unit License:

Trailer License:

USDOT:

10 records per page
 All records in one page

Once the application that you are looking for in in your worklist, you would click on the radio button to the left of Open as a Template, that is located above the Permittee column of your worklist, then click on the App# that you want to duplicate.

The application will open and will be identical to the previous application with the exceptions of the start date will always open on a new permit as the current date, on the Load tab you will have to enter the No of Pieces on Load, answer the question “Is the company hired to transport this load?” and under the Load Description, you will have to enter how many pieces of each description listed will be on this load. Everything else will be exactly as the original permit. You are allowed to make any changes to this application that you want, the system will treat this as a new application, this is just a quick way to order permits that may be going to the same location quickly.

You can always open an **issued** permit as a PDF and print it and then resend it 24 hours a day, 7 days a week. If you discover that the permit you need has been misplaced, or never received, you can search for the permit using the search function on the left hand pane of your worklist. When the permit has been located, click into the radio button to the left of “View PDF” that is located above the Fee (\$) column on your worklist. Click on the URL that appears and your permit will open.

Your request has been processed

To view the report click on the following link
<http://ghcogws03/drived/mcs/ConnectorGeneratedReports/9-16-2013/ODOW/1974762c54580-1ecd-11e3-bd9a-9cc4d74de08c%20-%202013-09-16%20-%20-%202007-42-42-781%20-%20ODOW%20PERMIT%20FORM.pdf>

Print the permit and then you can fax the permit to a driver or

Remember and Recall

If you need to leave your computer, you may click on **Remember** to save the information you have already entered.

The screenshot shows the 'New Permit' web application interface. On the left is a vertical navigation menu with the following items: New, Open last, Recall, Reports, Search, Worklist, Vehicle Units, and Help. The main content area is titled 'New Permit' and contains several sections:

- Buttons:** 'Submit' and 'Remember' buttons are located at the top left. 'Add Notes', 'View Notes', and 'View Route' buttons are on the right.
- Form Fields:** 'App No:' with a 'New' button, 'Permit Type:' (Single Trip), 'Number:' (0), 'Start:' (09/16/13), 'Expires:' (09/22/13), 'Payment Type:' (Exempt), 'Bridge Approval Date:', 'Bridge Fee Waiver App#:', 'Account ID:' (000019747901), 'Acct Name:' (MISSOURI DEPARTMENT OF TRANSPORTA), and 'Balance:' (0).
- Permittee Section:** Includes 'USDOT#:' (1124373), 'Permittee:' (MISSOURI DEPARTMENT OF TRANSPORTATION), 'Address:' (1711 SOUTH ROUTE 61), 'City:' (HANNIBAL), 'State:' (MO), 'Zip:' (63401), 'Phone:', and 'Ordered By:'.
- Delivery Information Section:** Includes 'Deliver By:' (Fax), 'Deliver No:', 'Email:', and a 'Contacts' button.
- Tabs:** 'Permit', 'Load', 'Vehicles', 'Dimensions', and 'Route' are located below the form fields.

When you click on **Remember**, the following screen will appear:

To retrieve the “Remembered” application, click on **Recall** when you return.
